

# MODELS 2022

## ECO WPT: 8x180W - *Simply access to Led Projects*

- 8 Led Lights in each padel court.
- Power 180W without dimming.
- Meanwell Led Driver.
- Back protection metal box to avoid degradation due to climate causes.
- Pre-punched holes for an exact mounting adapting the angel to the characteristics of the court.
- Installation is totally perpendicular to the court, without the need for lateral reorientation, reducing glare.
- 5 Years warranty with a total warranty for the first year. During the first year all associated costs including labor and lifting materials needed for its repair will be at our expense, the 4 remaining years with normal warranty.
- Fully modular. Consists in 3 independent modules whit seerially diodes. Of a module fails, only that one module will stop working allowing the led light to coninue functioning until it is replaced. The modules are replaceable and can be upgraded in the future with more efficient diodes, enabling the projector case to have a lifespan well above compact projectors.
- Full documentation from the factory for the design of the poles, in terms of dimmensions, separation from the court, holes and inclination angle of the led light for its correct assembly complying with the regulations. For a correct tracking of our led lights, each one of them comes with a serial number plate which allows us to trace any incident and/or update that may arise in the future.

## ECO-S WPT: 8x180W - *Our top seller Court*

- Main WPT Court lens.
- PCB change with a greater number of diodes.

## LITE WPT: 8x240W - *Ideal for Central Courts*

Same features as the ECO-S WPT, plus the following extras:

- Updated Power to 240W for each Led Light.

## EVO WPT:12x240W - Ready for TV!

Same features as the LITE WPT, plus the following extras:

- Increase to 12 Led Light in each court.
- Dimming Driver Meanwell.
- Potentiometer dimming 1-10v with controller – 1 channel with an equal dimming for the whole court. Manual and without control of the dimming percentage on the court. 2 years potentiometer warranty.
- Dimming diodes TOP WPT
- 5 years warranty with a total warranty for the first 2 years, the remaining 3 years with its normal warranty.

## TOP WPT:16x240W - Official WPT Central Court 2022 & where Pro's play!

Same features as the EVO WPT, plus the following extras:

- Increase to 16 Led Light in each court.
- Domotic control for regulation of 1-10v by pushbutton with 6 buttons and independent regulation of both sides and scenes at 25%, 50%, 75% and 100%. Manual control without display of the % lighting on the runway. Includes power supply, actuator, button and programming of the equipment. 2 years warranty. Includes documentation for equipment wiring.
- Dimming Driver Meanwell HLG.
- 5 years warranty with a total warranty for the first 2 years, the remaining 3 years with its normal warranty.

## ACCESORIES

As an option at extra cost, the button can be replaced by a touch screen, in addition to being able to regulate in the same way as with the button, it will allow us to regulate to the exact % of our choice, as in the WPT. 2 years warranty

Regardless of the model, an **official certification** will be provided so that it can be placed on both the venue and court, certifying that the lighting has been manufactured by Led Projects as the Official Supplier of the WORLD PADEL TOUR (WPT). Each one of our projectors carries a unique serial number for its correct traceability and control.
